SECRETARY

Dear Concerned Citizen:

The Louisiana Highway Safety Commission (LHSC) is proud to present to you the 1987 Louisiana Traffic Accident Information. This booklet covers a wide variety of statistical data concerning motor vehicle crashes in our state. The information was compiled and analyzed through diligent and intense efforts of the LHSC Data Services Division staff. Data was extracted from traffic accident reports completed and furnished by law enforcement agencies throughout the state. The LHSC thanks Data Services Manager Elizabeth Walker and her staff for their contributions in making the book possible.

Special thanks are also due to the local and state agencies who complete and submit the traffic accident reports to the LHSC.

The Commission hopes this booklet will become a reference document for you. Thank you for your interest in and support of highway safety.

Sincerely,

A handwritten signature in cursive script that reads "Bette Theis".
